Select district

Select name of the Facility*Enter Facility***Type name of Vaccine Accountability Monitor (or supervisor)***Your Name***GPS Location**

latitude (x.y °)

longitude (x.y °)

altitude (m)

accuracy (m)

**Is the temperature maintained between +2°C and +8°C in the refrigerator and/or in the cold boxes ?***Observe temperature charts, thermometer or fridge tag*

- ☐ Yes
- ☐ No
- ☐ NA

Are there any vials with VVM at discard point (stage 3 or 4)?*The colour of the square merges or is darker than the colour of the circle*

- ☐ Yes
- ☐ No
- ☐ NA

Usable vials in stock at the start of the day*Enter the total number of usable vials that you have in stock at the start of the day before distribution to the teams***Usable vials received during the day***Enter the total number of usable vials that you received during the day from any other health structure. Put 0 if you did not received any vials during the day*

Usable vials transferred to another health facility

Enter the total number of usable vials that you transferred during the day to any other health structure. Put 0 if you did not transfer any vials during the day

Usable vials given to teams

Enter the total number of vials that you have distributed to all the teams for the day including the vials resupplied during the day

Usable vials returned from the teams

Enter the sum of usable vials returned by the teams for the day

Unusable vials returned from the teams

Enter the sum of unusable vials returned by the teams for the day

Total number of children vaccinated

Enter the total number of children vaccinated during the day for all vaccination teams

Usable vials in stock physically counted at the end of the day

Enter the number of usable vials that you have physically counted in the cold chain once all the vaccination teams returned their usable vials

Unusable vials in stock physically counted at the end of the day

Enter the number of unusable vials that you have physically counted once all the vaccination teams returned their unusable vials. Careful this includes the unusable vials of the previous days.

Summary before validation

Wastage Factor : NaN

Wastage Rate : NaN %

Total number of usable vials given to teams (today) :

Total number of usable vials returned from the teams (today) :

Total number of unusable vials returned from the teams (today) :

😬 CHECK ! You have MORE vials than distributed : NaN

😬 CHECK ! You have LESS vials than received : NaN

😊 CONGRATS ! The number of vials returned matches the number of vials distributed : NaN

Theoretical number of usable vials in stock : NaN

Number of usable vials in stock physically:

Number of unusable vials in stock physically:

😬 CHECK ! Your theoretical stock is higher than your physical stock : NaN

😬 CHECK ! Your theoretical stock is lower than your physical stock : NaN

😊 CONGRATS ! Your theoretical stock matches with your physical stock : NaN

Type a comment here, in particular in case of a discrepancy to justify

END OF FORM

Please send this form after finalizing

PLEASE NOTE: you only have to submit one form per day and per health facility. If you submit more than one, only the last one will be considered.
